

International *Webinar* On

Contemporary Issues in Biodiversity and Its Related Technologies

*Jointly Organized by
Department of Zoology and Department of Geography,
Chakdaha College*

Date: August 30, 2020; Time: 7:30 p.m. (IST), Platform: Google Meet

Dear Participants,

It is our great pleasure to invite you to participate in the International Webinar on “Contemporary Issues in Biodiversity and Its Related Technologies” on August 30, 2020 at 7:30 pm. (IST), jointly organized by Department of Zoology & Department of Geography, Chakdaha College (Affiliated to University of Kalyani), Chakdaha, Nadia, West Bengal, India. We cordially invite you to attend this International Webinar.

► **About the College:**

Chakdaha College, one of the oldest and most reputed Higher Education institutions, affiliated to the University of Kalyani, Nadia, was established as a Pre-University college in 1972 (continued till 1977) with the vision 'Man Making and Nation Building'. This college has Degree courses of Arts, Commerce and Science to impact quality education to the students of rural and urban background. The College is centrally located and has equipped infrastructure, qualified staff, driven with innovations. Acknowledging this inherent quality, the NAAC Re-accredited the college at the 'B+' level in December, 2016. We aim at moulding the student through teaching and field visiting so as to make him/her a better, self-reliant and responsible citizen.

► **About the Theme:**

Biodiversity is the amount of variety of life on Earth and is the living fabric of our planet. Biodiversity loss implies the reduction and disappearance of species and genetic diversity and the degradation of ecosystems. Thus it jeopardizes nature's vital contributions to humanity, endangering economies, livelihoods, food security, cultural diversity and quality of life, and constitutes a major threat to global peace and security. New technologies can contribute to the progress in biodiversity and environmental studies, as well as the ways in which these technological advances can assist in the development of materials, products and processes that lead to the rational use of natural resources generating low impact on the environment. Thus this webinar will explore different aspects of biodiversity and the role of technology regarding the conservation of biodiversity.

► **Important information:**

- No registration fee for participation.
- E-Certificate will be given to the registered participants after successful completion of the event and the submission of feedback form.
- Google Meet app is required to download via Play store.
- Google Meet & YouTube link will be sent via mail/WhatsApp Group before starting of the Webinar.
- Login limit of Google Meet App is 250 only. So please start joining at least 15 minutes prior of schedule. Rest of the participants can join live in YouTube or in Facebook.

IMPORTANT DATES:

Registration begins:
August 15, 2020

Registration ends:
August 29, 2020

Date: 30th August, 2020

Time: 7:30 p.m. (IST),

Platform:

Contact

Dr. Iftikar Alam

7076462926

9434530829

Eminent Speakers:

Dr. Ashis Kumar Panigrahi
